Cool Wave

Duration: 8Days

Gadget shop website

Cool Wave is a fully **responsive e-commerce** website built with the **MERN stack**, offering a seamless experience for gadget enthusiasts. The platform is designed to cater to both end-users and administrators with its advanced features and functionalities. Key highlights of the website include:

- Users can efficiently search for gadgets and sort them based on various criteria, enhancing the shopping experience.
- User-friendly dashboard for both administrators and regular users, providing intuitive management and navigation.
- Role-based access control, with permissions for admins and standard users.
